THE BELLE GLADE III

"VOICE OF THE GLADES"

Reallocation Of P.R. Deficit Sinks Hopes Of Growers

Spokesmen for the Mainland Cane Sugar Area unanimously recommended to the Department of Agriculture at the hearing held in New Orleans on June 28 that there be no further acreage cuts for the 1969 crop.

In making the recommendations, the principle testimony given by City Terry of the American Sugar Cane League, took recognition of the fact that in the absence of quota relief in 1968 or early 1969 that such acreage could result in further excessive inventories of sugar to processors in the Mainland Cane Area. He pointed out that under the usual approach and considering the time of the January 1, 1968 effective inventory and with any reasonable 1968 crop, it might appear that another acreage cut for 1969 would be in order. However, he said "let me say, on behalf of all the producers and processors of our area, with all the forces of our collective command, that the vast majority of producers of the Mainland Cane Sugar Area can not stand a further reduction, nor do we believe it is equitable or proper that we should be required to do so."

John Roy, who presented a brief statement in behalf of the Florida Sugar Cane League, generally endorsing the position of the American Sugar Cane League, asked that the final date for filing briefs be extended an additional 15 days to August 1, in order to give as much time as possible for action that might result in help relieve the excessive inventory problem. At that time he said, "should no relief be obtained and we are later faced with a terrible dilemma for choosing between a further acreage reduction or accepting a further inventory problem, each of us has a right to reserve the right to make a decision at that time in light of the then existing facts and circumstances."

Thompson To Attend Elk's Convention

DOUGLAS H. THOMPSON

Douglas H. Thompson, Exalted Ruler of Belle Glade Elk No. 1716, plans to attend the Elk's National Convention in New York City.

"We will register at the Waldorf Astoria Hotel on July 14, and stay through the 16th," explained Thompson.

He will be accompanied by Mrs. Mary Chancy, and his family, Margaret, Ruth Ann, and Bill Thompson.

to file a memorandum brief with respect thereto with the Department.

The Department of Agriculture, on June 20, reallocated 215,000 tons of Puerto Rican deficit to western hemisphere countries. With this reallocation, it brings total deficit reallocations from Puerto Rico to 615,000 tons. Following this reallocation, Mainland Cane's hopes of receiving a portion of this deficit through a change in the Sugar Act have gone "down the drain" for this year.

With the failure of the Mainland Cane Area to get legislation passed this year that would have given a portion of the Puerto Rican deficit to domestic

areas and eliminated the burdensome inventory situation, witnesses at the hearing called on the Department of Agriculture to make provision for acquisition and disposal of such excessive inventories of sugar without a quota charge. It was suggested that such could be done under existing laws, but the American Sugar Cane League witness stated "if there is any doubt that such can be done or can be done in adequate quantities, within the framework of existing laws, then we would ask the Department to actively and forcibly support in the Congress any amendments to existing law that may be necessary to dispel such doubt."

Interest in the hearing was

very high as evidenced by the fact that over 200 persons attended. Top officials in the Department of Agriculture from Washington, including Honorable Geoffrey, Administrator of ASCL, and Tom Murphy, Director Sugar Policy Staff, attended and participated.

Mr. Geoffrey, in a short talk said that the Department of Agriculture did not want to cut acreage and that it would do everything possible under the law to avoid imposing a cut. He stressed, however, the long-range benefits of the Sugar Act to consumers and producers alike and noted that the Department would not want to jeopardize the program with improper administration.

Disaster? No just the remains of a hard working machine which leveled the home of Mr. and Mrs. James Smith, N.W. Ave. in Belle Glade, last Tuesday.

Assistant Pastor Welcomed

St. Philip Basil Catholic Parish welcomed as assistant to substitute Father Balado, who was recently appointed to another post.

The new assistant to Father Sanchez, a native of the Diocese of Miami, who has finished his theological studies at the Montserrat Seminary in New Mexico.

The first Cuban refugee priest to be ordained in the United States, Reverend Father Daniel Sanchez received the Sacrament of Holy Orders from Cardinal Francis Spellman amid one of the most distinguished and significant assemblages in the history of South Florida. Eight Archbishops and a crowd of more than 12,500 Catholic and non-Catholic Americans and Cuban Refugees, believed to be the largest group to witness, in America, the sacred rites of ordination were present in the Miami Beach Convention Hall on Sept. 2, 1962.

Softball Meeting

The Belle Glade Softball League, managers, and sponsors, from last year's team are urged to attend this meeting being held Monday night July 15, 7:30 p.m. at National Guard Armory.

REV. DANIEL SANCHEZ

Market Report

Wet weather has cut down on selling at the Glades Livestock Market, reports Peter Clemens, Manager, but the demand on all classes of cattle is still strong.

Priests were about steady at Monday's market except down a little on stocker steers.

Henry Davis, Immobiles, topped the market with a \$4.50 gain. A total of 299 head were sold with 31 percent to stockers and 49 percent to stockers.

735 Everglades District Fires Killed Last Year

The Everglades Fire Control District encountered 735 fires during the July 1, 1967 to June 30, 1968 year.

The District reported the use of 2,891 1/2 state man hours and 1,823 1/2 fire man hours in fighting these fires, which involved 37,852 1/2 acres on private owned land and 107,331 1/2 acres on government and state owned land.

Fire permits totaling 767 were issued and 4,560 man hours were spent in patrolling, 3,545 in issuing permits and inspection, and 1,500 spent on equipment maintenance. The Fire Control District also reported of 31 building fires, 43 fires in trucks and cars and 10 in trash pits.

Records show that when called to suppress fires on privately owned land, owners assisted with manpower and equipment such as tractors and pumps.

The landowners' contribution amounted to approximately \$15,247.88 in monetary value. Also the records show that the Fire Control District was able to control every fire reported during the past year.

The Fire Control District asks cooperation in keeping up the established fire public relation record with the landowners and

day. The wooden structure will be replaced by a new U.S. Steel home site. — Jim Smith

Florida Celery Committee For 1968-69 Named

Seven Glades residents were among 15 regular members named to the 1968-69 Florida celery committee, announced the U.S. Department of Agriculture's Consumer and Marketing Service last Friday.

The committee administers the marketing order regulating the handling of celery produced in Florida. The 15-member committee is also authorized to recommend — and the Secretary of Agriculture to establish — the total annual marketable quantity of celery that may be handled during the season.

The quantity is then translated into a market allotment for each producer.

Committee alternates who will serve until July 31, 1969.

GROUP 1 (Members) — George H. Woodworth, S. N. Knight, Sam Senter, and C. D. McCune, all of Belle Glade; Roy Vandegriff, Sr., Palatka; (Their respective alternates) — James Chumbley, Jr., E. Watson, W. C. Crum, and M. E. McCabe, all of Belle Glade; Roy Vandegriff, Jr., Palatka.

GROUP 2 (Members) — J. C. Nicholson, of Sanford; R. W. Wheeler, Jr., and W. R. Dwyer, both of Belle Glade; — Leo P. Moore, of Sanford; — John W. Evans, and C. R. Cross, both of Orlando.

GROUP 3 (Members) — E. L. Gurrison and Pat Perlin, both of Sarasota; (Alternates) — J. V. Morgan, both of Sarasota.

GROUP 4 (Members) — Bill Rogers, South Bay, and C. E. Black, both of Belle Glade; — Kelly Willis and Murray O. Woods, both of South Bay.

GROUP 5 (Members) — Andrew Duda, Jr., James D. Collier, both of Belle Glade; — Arthur S. Sisk, James E. Pearson, and Fredrick Duda, all of Belle Glade.

News Briefs

CALF SALE

There will be a special calf sale this year Friday, July 12th, at 2:30 p.m. at the Glades Livestock Market. Manager, Peter Clemens, hopes to see many calves being sold and says arrangements for trucks to carry calves will be made by contacting the market.

DAY STUDENT DEADLINE

A warning that all day students planning to enter Palm Beach Junior College this fall must make application before 3 p.m. Friday, July 19, has been issued by Lawrence H. Mayfield, registrar.

WALLACE CAMPAIGNS

Former Alabama Governor George C. Wallace will make appearances at a series of fund raising dinners and rallies in Florida on July 25, 27 and 29.

His first stop will be his attendance at the George Washington Hotel in West Palm Beach at 6 p.m. for a fund raising dinner, followed by a rally at the West Palm Beach Auditorium at 8 p.m. These dinners and rallies are in connection with his bid for the presidency.

Industries in this district. People find it necessary to burn on their property should contact the Everglades Fire Control District and get a written permit.

Hourly Wage Increase For Firemen Approved By City Commission

The City Commission approved a recommendation to increase Firemen's starting salary to \$18.66 per hour Monday night at City Hall.

The recommendation came as the result of an extensive study of pay rates and a survey of seven Palm Beach County municipalities made by acting City Manager Frank C. Anderson. Anderson compiled the data into a formal report, which included the firemen's requests for a recommendation and a graph showing the results of his survey.

The graph included the hourly wage and the work week of the firemen in the cities surveyed as compared with the wage they receive here. Upon approval of the recommendation the City Commission agreed that the wage increase should be retroactive to July 3, as the funds were available in the budget.

In other action, the City Commission considered Mrs. Lois Payne Edwards for the position of librarian, and tentatively approved the recommendation.

Commissioner to attend a meeting between the University of South Florida and will receive her B.S. degree in August.

The City received a letter from J. W. Brown, a member of the Planning and Development Commission, requesting a meeting between the Commission and representatives from the Planning and Development Commission.

The purpose of the meeting is to discuss the plans for a study of the street and highway needs of Belle Glade area. The study will include state and county roads as well as the main street and Development Commission.

It pays the first \$100 for

major surgery and 80 percent of the remainder charges.

Mrs. Walter Ashley sent the Commission a letter of thanks for the Glades new school. It has been zoned R-1 residential. With her letter of thanks was her letter of resignation from the board.

In other action of the City: —Approved annexation of two parcels of land, 33 acres, south of the Glades new school. It has been zoned R-1 residential. The annexation will be effective upon being recorded in West Palm Beach.

—Passed a City Ordinance allowing the City to contract with the Glades Fire Department for lines. This contract is the first of its kind. It was decided that the maximum number of years, the contract would be 30 and that a restudy and adjustment of rates be required; it will be for five years.

—Approved an ordinance that allows only 18 telebuses to be operated in the city.

—Received a street light request for 567 S. E. 1st St. It was noted that the pole was already in place. The Commission said action is being taken.

—Approved the renewal of the Glades Fire Department's license with the U.S. Sugar Corp.

—Agreed to transfer an Alcoholic Beverage License for beer and wine package from James M. Taylor to Johnny M. Taylor, 325 S. W. 6th St.

—The Board announced that the first day of July for a City Commission test in the September election.

Council Discusses Alteration And Repairs Of East Main Sidewalk

FAHORE —

County Commissioner E. W. "Bud" Weaver said, in a letter presented to the City Council last Tuesday night, that the City funds would be made available to the City for materials to replace or alter 60 percent of the 1.35 miles of sidewalk on East Main Street, if the City would lay the sidewalk.

The cost to the County, as presented in a letter from County Engineer G. R. Frost, would be \$4,646.40 for materials.

The Council accepted the letter written by Commissioner Weaver as information and requested by Southern Bell Telephone and Telegraph Company, of a Pole line along S. E. 1st Street from Bartfield Highway to Lake Avenue and along S. W. 1st Street from Lake Avenue to Dahlia Avenue.

—Referred to the Street and Utilities Department a request from Southern Bell to lay cable from Bartfield Highway East to

in 36 light fixtures. Under the rental system the annual bill for 60 fixtures, which is 24 more than last year, will cost \$74.85.

If the city were to continue paying for the fixtures, the City would have to install, the annual cost would be \$1,338.19.

—Received letters from Congressman Paul Rogers and Senator Spessard L. Holland requesting receipt of the Resolution presented by the City opposing the cut in the Cane Quota.

—Approved construction, requested by Southern Bell Telephone and Telegraph Company, of a Pole line along S. E. 1st Street from Bartfield Highway to Lake Avenue and along S. W. 1st Street from Lake Avenue to Dahlia Avenue.

—Referred to the Street and Utilities Department a request from Southern Bell to lay cable from Bartfield Highway East to

long SR 715 to junction with SR 712A and to cable from Lake Avenue Road West along East Main Place to the West side of Bartfield Highway and along South Street to the West side of East Main Place to SR 715.

—Accepted a recommendation from the City of Belle Glade to delete James Batcher and Jimmie Everett from Police Auxiliary Personnel and add R. M. Miller, Captain of the City Police.

After discussion with residents from Royal Palm Manor about plans for sidewalks and gas 50 per cent plus 1 of the residents to sign the petition, the council will authorize the city to lay the sidewalk with a paved walk to help drainage.

Commissioners Discuss SR 80, Shark Hunting And Drainage

A plan for additional patrolling of State Road 80 between West Palm Beach and Belle Glade, a Palm Springs road and drainage problem, and guaranteed financing of a professional shark hunter highlighted the Tuesday meeting of the City Commission.

All three matters were referred to future administrative meetings for additional discussion.

Ray Nass, past president of the West Palm Beach Jaycees, informed the board that the club agreed to seek \$55,000 for the coming year from the county so that the Sheriff's Department may add two patrol cars in efforts to cut down accidents on SR 80 to the Glades.

Nass described the road as "one of the leading highways of death" in the nation. He asked support of the patrol project until the highway is improved or replaced, possibly with a toll road which has been discussed by the commission. The board last week passed a resolution urging the Florida Turnpike Authority to conduct a feasibility study of a permanent extension of the turnpike from West Palm Beach to Belle Glade, possibly South Bay.

Commissioners agreed that the recommended project would be discussed with the sheriff, and suggested that the Florida

Highway Patrol and State Road Department be contacted about it.

James Hodges, vice mayor of Lake Springs west of Lake Worth, told commissioners about a drainage problem of several years for the village. He said flooding has damaged driveways and sidewalks, and water stands on Day Road and Ocean Avenue South after heavy rainfall.

Courtesy Engineer George Frost, asked to report on the litigation by Vice Chairman George Warren, said the county is legally responsible for the two roads but added that flooding dates back to 1935 before Palm Springs "was built in a slough." He said some of the problems are caused by mud fill and that Lake Worth Drainage District holds jurisdiction of drainage, via lateral canals, the water.

He said 10th Avenue is being improved under a Capital Outlay project. Quentin O'Connell, said by Commissioner Dan Gaspner, he said it would require \$10,000 to \$15,000 for "canal meal" remedies that should prevent further damage to sidewalks and driveways in the problem area.

Commissioner Bandlow reported that efforts had been made to extend and improve Davis Road, but failure to get right-of-way

(Continued To Page Two)

Amateur photographers seemed to be enjoying themselves as they photographed the July 4th celebration at the Belle Glade Marina. Showing off their costumes, the children's expressions seem to alternate between pride and "sun squint" while they posed.

Ole Slim's Fishing Report

Good fishing was enjoyed in the Belle Glade area over the past week. Many limit catches of bass and bream came in over the weekend.

James Wooten, Belle Glade, brought in a limit catch of bass on Wednesday.

Mr. and Mrs. Amon Way, Belle Glade, brought in their limit on Tuesday and Wednesday, up to 7 lb. On Friday they had 15 bass.

Wallace Lutz, Belle Glade, had his limit on Tuesday up to 8 pounds. He also reported limit catches of bass on Wednesday and Thursday.

Jimmy Taylor, Belle Glade, reports a total of 65 bass for the week.

Jen Cochrell, Belle Glade, also had several limit catches this week.

On Saturday, Jack Stanley, Pahokee, Harry Foster, Belle Glade, Clarence McCoy, Sanford and Harry Sheppard, Pahokee brought in 39 bass.

Mr. and Mrs. Ronald Blackwell, Ft. Lauderdale, came in with 90 specks on Friday.

Joe Brown, West Palm Beach, had his limit of bream on Saturday.

Trooper H. E. Marinellade of the Florida Highway Patrol reported an unusual catch for him anyway on Monday. He came in with 5 pounds, 2 oz. bass. He says there's lots more fun in catching fish than speeders.

The fish continue hitting this week and another good weekend is forecast.

Sawgrass Sagas

The Census Taker Was A Korashan

By LAWRENCE E. WILL

This picturesque little costumed lady reminds one of her blond ancestors as she poses by the canal at one Belle Glade Marina.

The three piece band had a merry time with their instruments and joviality at the Scandinavian Holiday.

FCD Considers Millage Hike

West Palm Beach — Establishment of millage, for tax purposes for 1968-69, will be considered by the Governing Board of the Central and Southern Florida Flood Control District at 9 A. M. Friday, July 12, at the Lee County Convention Center, Fort Myers.

Robert W. Patrick, of Fort Pierce, Board Chairman, noted that information has not yet been received from all 18 counties in the District concerning assessed valuations.

However, most of the counties have provided information, and by Friday it is hoped that the necessary data can be taken on the annual levy.

The current FCD levy is 31/100 of one mill per dollar of property value. This amounts to 33 cents per year for each \$1,000 of non-exempt valuation. During the past four years, the FCD Board has cut the millage each year. It is possible the Board may have to increase the levy somewhat this year.

If it is necessary for the Board to postpone action Friday, it is expected that a special meeting will be called in late July to establish the millage.

Water conditions through the 15,000 square mile District will also be reviewed.

It won't be too long before time for the next Federal census, and that puts in the mind of the man who took the census of the south shore of Lake Okechobee in 1920. I don't know if the census taker was a Korashan or not, but he was a Korashan in 1920, for there were only a few hunters and a scattering of cut fish camps on the lake, but since that date a right smart number of people had settled in the area.

In 1920 there was a thriving settlement at Brevard Beach and also at Miami Locks (what we call Lake Harbor now), as well as some people at South Bay and scattered along the canal where Chosen and Belle Glade are today. And there were three settlements in the sawgrass.

Okechobee was the biggest, but Glade Creek, at Six Mile Bend, already was about settled, and there was Gardens, six miles down the Miami Canal. This settlement had been in the lead agent H. H. Hart who later lived in Chosen. It is his daughter Edith Teed, who writes several travel articles from around the world for this Belle Glade Herald.

Dr. Charles R. Price was this census taker and his home was in Gardens, though he once had a practice in Chosen. He was a doctor, he was, with bushy white hair and a grand manner, and about fifty-five years of age at this time. I was living alone at Okechobee in a twelve by sixteen shack with a lean-to kitchen, so I was right smart planned for to have him stay with me while he was working that part of the Glade.

Now, I was young and I hadn't had too much school 'till now I was wanted for to have such a distinguished guest, for he was well educated, and a doctor at that, so I allowed as how I might maybe learn a little from him, but gee whiz, did he have some dizzy beliefs! He loved to expound them after supper while pacing the floor and stroking his cheeks with a big striped towel.

However, he explained, had been stolen from his uncle in Chicago, but Dr. Price had discovered it in a pawn shop in Mexico City. In an embossed leather case, it had seven detachable blades, one for each day of the week on the theory that they would keep a lesser edge if given a few days rest after each use.

His favorite subject was his belief that the earth is a hollow sphere, like a marble ball. We live on the inside of the shell while the sun, moon and stars wheel around inside. In other words, he said, the earth is a hollow sphere, like a marble ball. We live on the inside of the shell while the sun, moon and stars wheel around inside.

Cyrus R. Teed, who called him Dr. Korash, this Dr. Teed, in Chicago, had a grandson named Korashan. In 1924, where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

these converts had migrated to the United States, and where an old German, Gustav

Dumbholier, had decided to the

the first station, this line was 10

feet and 8 inches elevation, yet

a mile away it was 8 inches near-

ly the water level, at two miles it

was 20.6 inches nearer, at three miles,

75 inches, and at the fourth mile,

the line had run right up into the

water. This was the end of the

curvature of the earth all right,

but great grief, it showed that

the water surface curved up in

stead of down! How can you ex-

plain that?

Dr. Price had some other

strange ideas, one of which was

that since as a race, the Cauca-

sians were mentally and the We-

sons physically, all you need to

produce a race of super men is

to mix the two races 50-50. He

seemed to overlook the possibi-

lity that the bad qualities of both

races could just as well be mixed,

and wouldn't that produce a

monster?

For his census taking, Dr.

price obtained a boat, about 18

feet long, shaped somewhat

like a slice of pie, and was of

Dred & Cousin Pine, heavy as

lead. For power he had a two-

cycle outboard kicker en-

gine, a Kohlen, but that, more

later on. Anyway, wide open,

it could push the boat at the dis-

tance of four miles an hour—

well, maybe five miles down-

stream. In this boat he cruised

along, along the south shore as

far west as the County Line, to

all the islands and down all the

canals.

He had just got his job com-

pleted when his Kicker conked

out. At that time I had a limit

two bit repair shop at Okechobee,

so he sent the engine to me to

fix. I considered myself a

quite a while kid with gasoline

engines, even two cycle engines,

which could be as hairy as a

Georgia mule. Well, this was the

first outboard engine I ever

seen, but it was a gasconer, and

and a two cycle one at that, so

I figured it should be no sweat.

I didn't seem to be having much

luck, so I sent to the factory for

some parts, but still she refused

to pop-pop.

About that time, due to the

first of our many floods, I got

a job in Ft. Lauderdale's main

garage, at the end of the Aus-

drives Avenue bridge. A Mr.

Harmon had owned it until he

died, and his widow had taken

over. That Kohlen I cleaned to

the edge of a barrel of water at

the back door of the garage, and

when not busy otherwise I did

my utmost to make the engine

run. The other mechanic, who

only too glad to show up a dumb

mechanic, took turns at it as

well. Even the foreman, a first

class mechanic, to be sure, had

no luck. It got to where the

whole crew got to calling me

Kohlen. I finally sent it back to

Dr. Price, but if it ever ran

again, I've never heard tell of

it.

This same flood also caused

Dr. Price to leave Gardens, and

so where do you suppose the

lightning struck knocker went?

Why, to Estero, of course! Now,

maybe you'll think that he

was a right smart young man,

and married his niece, and

a very neat figure of a woman

was to be sure, though she

was a right smart young man,

and married his niece, and

a very neat figure of a woman

was to be sure, though she

was a right smart young man,

and married his niece, and

a very neat figure of a woman

was to be sure, though she

was a right smart young man,

and married his niece, and

a very neat figure of a woman

was to be sure, though she

was a right smart young man,

Wanda Gail Sims Is Bride Of William H. Goodbread

MR. AND MRS. WILLIAM HAROLD GOODBREAD
In a candlelight wedding ceremony at 8 p.m. July 3 at Community Methodist Church Miss Wanda Gail Sims became the bride of William Harold Goodbread.

Wanda Gail Sims was born in 1951 to Mr. and Mrs. William H. Goodbread.

William H. Goodbread was born in 1948 to Mr. and Mrs. William H. Goodbread.

The bride is the daughter of Mr. and Mrs. Owen Todd, 501 N. E. 3rd St., Belle Glade, Fla.

The groom is the son of Mr. and Mrs. Ralph Brodus of South Bay.

Given in marriage by her father, Howard V. Sims of Pahokee, the bride wore a floor-length gown of silk organza over tulle, styled with an empire waist and a lace train.

The bride carried a cascade of white roses.

After the exchange of vows, the bride and groom were joined by a minister in a ceremony that was held in the church's sanctuary.

The bride's maid of honor was Miss Julie Sims, sister of the bride, and Miss Ruthie Vandegriff of Pahokee, wore dress, veil, head

piece and flowers same as bride.

The bridesmaids were Miss Julie Sims, sister of the bride, and Miss Ruthie Vandegriff of Pahokee, wore dress, veil, head

piece and flowers same as bride.

The bridesmaids were Miss Julie Sims, sister of the bride, and Miss Ruthie Vandegriff of Pahokee, wore dress, veil, head

piece and flowers same as bride.

Sherry McGee Feted At Bridal Shower

Miss Sherry Ann McGee, bride-to-be of James Roy Powell, was honored at a bridal shower at the home of Mrs. Mary Trammell, 1514 N. W. Ave. F. Place, Belle Glade, Friday, July 5.

Hostesses for the occasion were Mrs. Mary Trammell, Mrs. Betty Trammell and Mrs. Betty Trammell. Assisting the hostesses in serving were Miss Joyce Bradus and Miss Wilma Kirschman.

Covering the table was green linen topped with a white lace cloth. The centerpiece for the table was a vase of Shrimp Flowers. Individual pieces of cake were topped with green icing and white roses. Nuts, mints, and punch were also served.

The honoree, her mother, Mrs. Bunter McGee, and the groom's grandmother, Mrs. Powell, were all present with white carnation corsages.

Mrs. Peggy Clark was the door prize and a number of game prizes were also given. The bride-to-be was showered with a variety of lovely and useful gifts, which she opened and displayed. The hostess gift was an electric percolator.

More than 30 guests attended.

MR. AND MRS. RICK SEMINARA

Hood-Cardin Vows Spoken In Chosen Baptist Church

Linda Faye Hood and Tommy Joe Cardin were united in marriage on Friday, June 28 at the Chosen Baptist Church. Rev. Carl Garnett officiated at the double ring ceremony.

The vows were repeated before an altar banked with palms and a 15 branch candelabra and two 9 branch candle trees, with white mums and gladioli arranged throughout each end of each side of kneeling bench.

Miss Sherri Burgess played traditional wedding music and soloist Jeri Crews sang "Oh Promise Me" and "I Love You Truly." Helen Sloan sang "The Lord's Prayer."

The bride is the daughter of Mrs. Helen Watson 300 N. W. 8th St. She graduated from Belle Glade High School, in 1977. She is employed at Kwik and Kwik Beauty Salon, Belle Glade.

The bridegroom, son of Mr. and Mrs. Stanley Cardin, 809 N. W. Ave. B, graduated from Tallapoosa High School, Tallapoosa, Ala. in 1974. He is employed by Florida Sugar Refinery and is a member of the Florida National Guard.

Given in marriage by her brother-in-law, Gary Lynn, the bride wore a full length gown of white lace over tulle featuring long tapering sleeves and a train attached at shoulder of scalloped lace. She carried a cascade bouquet of white carnations.

Joyce Lynn, from Lakeland sister of bride was maid of honor. Her full length gown was of green crepe and her head veil was of yellow. She carried yellow daisies.

Wayne Groves served as best man.

McGee-Powell To Wed July 14

The wedding of Miss Sherry Ann McGee and James Lee Powell will take place Sunday, July 14, at 7:30 P. M. in the Little Flock Primitive Baptist Church in Miami, Florida.

Elder C. T. Morris will be officiating. All friends and relatives of the couple are cordially invited to attend.

Sgt. William R. Price arrived here last Thursday from Philadelphia, Greece to join his wife, Margene and children, who came over a month earlier. He will visit his mother and relatives in the area. Sgt. Price has been with NATO overseas for 3 years. Two years in Izmir, Turkey and in Greece for one year. The Prices will be staying with the Howard Woodhams in South Bay.

Recent guests of Mr. and Mrs. R. L. Barrett were her brother and sister-in-law, Mr. and Mrs. A. C. Young and son Mickey from Beaumont, Texas.

Mr. and Mrs. Ronald Whyte spent last Thursday and Friday at Homestead.

Guests of Mr. and Mrs. Wm. Schriber of 558 S.E. 7th Drive are their brother-in-law John Schumack and daughter Denise from Baltimore, Maryland. Mr. Schumack is manager General Ship Repair Corp. The Schribers and visitors spent Sunday in Bradenton and the Sarasota area.

Gail Murray and her uncle, John Little, are expected back this week from a vacation in Georgia visiting relatives and visiting radio stations in Tennessee, Georgia and North Florida. Gail, 11, has made three records. The Prices will be staying with the Howard Woodhams in South Bay.

A double blessing! Twin-purpose reverse-cycle electric air conditioning cools in summer and warms in winter.

Simply dial "cool" or "warm" - presto! Compact, REVERSE-CYCLE units do both! A "double blessing" in flameless electric air conditioning, now bargain-priced the lowest ever.

REVERSE-CYCLE is year-round right in every room. Indispensable on hot days and humid nights... necessary during occasional chilly weather.

Over a million Floridians cool and heat their homes this modern electric way. They know it's worth more than it costs in cleanliness, comfort, convenience, and happier, healthier living.

See your appliance dealer or air conditioning contractor today.

Make a clean break with the past. Graduate to flameless electric reverse-cycle air conditioning.

THERE'S NO MATCH FOR FLAMELESS ELECTRIC... it's cheaper, too!

Young LDS Missionaries Working In Glades

Phobos and Clewiston area for a month are left. Elder Ernest Blackburn and Elder Eugene Whomes. The Museum, operated for the U. S. Atomic Energy Commission by Oak Ridge Associated Universities, is the first such institution the nation devoted to nuclear science. Especially trained lecture-demonstrations show the power of the atom is utilized in medicine, industry and agriculture.

LDS Missionaries Working In Glades

Arriving here last Wednesday, two young missionaries of the Church of Christ of Latter Day Saints, are making their headquarters at the local LDS Mission in Belle Glade.

Elder Blackburn is from Pleasanton, Calif., and Elder Whomes is a native of Long Beach, Calif. Working throughout the communities of Belle

Summertime Fun Continues At First Baptist

Summertime fun will continue on Friday night at the First Baptist Church Recreation Hall for young people, starting with a social.

Recreation is planned with Jr. High and Sr. High students in separate parts, but both are invited to come between 7:30 and 8:00 PM when fun begins.

Mr. Henry Davis, Sunday School Staff, hands this recreation committee, and other department workers make.

Guests of the students are welcome, as well as invited young people members of the South Bay, Phobos, and Canal Point Baptist Churches.

Mr. and Mrs. Ray Brown will leave Sunday on a three weeks vacation. They will be in Naha, Gu. They plan to stop over in Jacksonville to visit her sister, Mrs. Edith Braddock, and to visit other relatives in Brunswick and Tallahassee, Georgia.

ON the first Tuesday in July, church bells rang symbolizing a new Christian unity. That same week, the World Council of Churches Assembly convened in Uppsala, Sweden. Approximately two hundred and twenty denominations are meeting under the triumphant promise: "Behold, I make all things new." Members from Orthodox, Anglican and Protestant churches, and the Roman Catholic observers participating for the first time, are seeking the meaning of renewal in our day.

The promise of renewal is rooted in the Old Testament, but emphasis is and specifically today in the work of the Holy Spirit, as the new warmth of fellowship is felt through the Christian communion.

PRAYER: O God, we are grateful for the promise that all things can be made new. Bless, we pray, the work of the World Council of Churches Assembly in Uppsala. May it be an instrument in the renewal of Christ's church throughout the world. Amen.

THOUGHT FOR THE DAY
"I make all things new"—this promise applies not only to churches but to individuals.

Charles Perlin (New York)

Local Family Engagement Announced

Announcement is being made of the engagement of Mrs. Ruby Schoenfeld to W. Ralph Kirk, both of Belle Glade. An August wedding is planned. Mrs. Schoenfeld is the daughter of Mr. W. V. Provine and the late Mrs. Provine of Ironside, Minnesota. She is a clerk at the local Post Office. Mr. Kirk is associated with Travelers Automobile Association.

Mrs. Rosa V. Cook returned Sunday after visiting relatives for over a month in Lake Wales, Fla. Tampa and Lakeland. Her son, Basil Cook, visited his sister Mrs. Carl Green and family in Lakeland and brought his mother home.

Notas Sociales.

DE LA IGLESIA

El Reverendo Padre Daniel Sanchez, ha sido nombrado Pastor Asistente de la Iglesia de San Philip Benizi en Belle Glade. El nativo de la Diócesis de Miami, Cuba, es el primer sacerdote cubano que se ordena sacerdote en los Estados Unidos. Recibido el Sacramento de Ordenación Sagrada de manos del Cardenal Francis Spellman, ante una muy distinguida concurrencia de más de 12,500 personas, en Miami, el día 2 de Septiembre de 1967. Antes de venir a Belle Glade, el Reverendo Padre Daniel Sanchez servía de Pastor asistente en la Iglesia de St. Michael, Miami. Le deseamos mucho éxito y muy buena acogida aquí en Belle Glade. Bienvenido.

MUDADA

Los esposos Coca y Leo Hevia trasladaron su residencia para la calle 225 S.W. Avenida C (Apt. 1) en Belle Glade, y por este medio desean hacerlo saber a sus amigos.

DE REGRESO

Después de pasar una temporada en New York, se halla de regreso en Miami los esposos Bartolo Estrada y Adelita Portondo de Estrada. Bienvenidos.

NOBREMIENTOS

CAMINO TOURS INC., en su rama de Miami Beach, ha nombrado al Sr. Manuel Nuñez, administrador de ventas regional. El Sr. Nuñez trabaja antes para el Pan American World Airways en Miami.

GRAYBAR ELECTRIC CO.

ha nombrado al Sr. A. P. Torres, administrador de ventas del distrito.

Los felicitamos.

DE VACACIONES

Los esposos Dulce y Tomas Martinez, estimados vecinos de Belle Glade, salieron la pasada semana para Greenbore, North Carolina, donde se hallan visitando a sus hijos y nieto. Una gran estancia les deseamos.

GRADUACION

El Ingeniero Jorge Tarafa Jr. se graduó el día 7 de Junio, con honores, de Kentsalek Polytechnic Institute, en Troy, New York, de ingeniero mecánico.

B.G.H.S. Site Of P.E. Activities For Three Schools

The high school recreational grounds, gym, and weightlifting room are the sites of the recreational activities for Belle Glade High, Belle Glade Junior High, and Belle Glade Elementary, supervised by E. S. Jenkins, head football coach at Belle Glade High, who is in charge of the Elementary program.

These programs are organized to give them (speaking of the students) an opportunity to participate in something during the summer so they won't be in the streets," Jenkins said.

Students from three schools meet daily at Belle Glade High School to participate in the recreational activities sponsored there as part of the summer enrichment program.

The recreational areas are open from 8 a. m. to 4 p. m. and may be used by any registered student attending either of the three schools. Jenkins said. The equipment for both the indoor and outdoor sports, which includes basketball, volleyball, table tennis, baseball and touch football, is provided by the high school. "Weight lifting is limited to only junior and senior high school students," Jenkins specified.

Head Coach Othar Crawford is the Center Coordinator and is in charge of the High School program. Coach Dwight Ward is assigned the Jr. High program.

Enrolled so far in the program are 173 students from the three schools.

Basketball is a favorite indoor sport for all ages during the summer recreation program.

Weight lifting classes teach the high school boys in building muscles without straining or hurting themselves.

Tips For Family Living

By BETTY KLARNET

Animals, like humans, can suffer from too much heat. Special care should be taken of them during summer's "dog days."

For example, according to an article by Elizabeth Randolph in the August Family Circle magazine, neither dogs nor cats should be allowed out in the direct sun for long. City dogs should not be walked on the hot streets, except early in the morning and late at night. Lots of cool water should always be available, and if an animal refuses to eat, he should not be urged.

And again, as with humans, these rules are especially valid for very young, very old, or very fat animals.

Some other pointers for summer pet care:

If your pet becomes weak, falls over or loses consciousness, make him comfortable and call your veterinarian. The pet may be in a state of extreme shock.

Cats often choose to sleep in a hot or stuffy place, such as an

attic or closet. During very hot weather, don't let them do this, for cats as well as dogs suffer from heat prostration.

Birds and smaller animals also should be protected against extreme heat. Their living quarters should be kept scrupulously clean and fresh water made available daily. Cages should be in the coolest spot in the house where there is some motion of air, although not in a draft.

Keep handling to a minimum. Fish tanks, turtle bowls, and aquariums should be cleaned often to prevent buildup of decaying matter that can reduce oxygen and prove fatal.

Cats and dogs always shed fur as warm weather approaches, so keep them well-groomed, the Family Circle article advises. If your dog has long hair, he should be trimmed. However, the animal needs some fur to protect him from the sun and insects. A dog should not be bathed often.

It is once every four to six weeks, winter or summer. Daily brushing will take care of loose dirt. Skin problems for pets are more common in summer than in winter.

DANGEROUS AGE FOR INFANTS

Before they reach the walking stage, babies fall from high places with almost incredible frequency. According to a report in the August issue of Family Circle magazine, credited to the A.M.A. Journal, most falls occur about the age of one and a half months. At that age, infants begin to roll from prone to supine position, to sit up, pull themselves to standing position, and climb. Many parents are unprepared for these new motor activities and underestimate the resulting danger of falling.

Studying 536 infants, a team of Illinois investigators found a combined incidence of 47.5% first falls from cribs, adult beds, or dressing tables during the first year. Almost all resulted in head injuries. If the same incident holds nationally, the report points out, 1,750,000 infants annually sustain at least one fall in their first year.

CASSEROLE CLEANING

Having trouble cleaning glass or ceramic casseroles that have burned-on bits of food (especially around the edges)? A tip from a reader in the August Family Circle magazine: spray with oven cleaner, let stand 20 minutes, then wash in soapy hot water. You'll find no more scrubbing is needed.

New Vocational School To Open

Following months of preparation and planning, South Florida Junior College will open two of the full time vocational courses for student enrollment this fall. The building is being prepared, equipment ordered and instructors hired to engage in a new type of program which will train people for full time employment.

To open this fall are courses in air-conditioning — refrigeration and also radio, television electronics. A person taking either one of these courses will attend South Florida Junior College all day, five days a week for the school year. He will be a full time student studying a technical subject to prepare for a job upon graduation.

WRESTLING THIS WEEK

Hawaiian Koa Tiki faces Jim Dalton in the opening event of the Belle Glade Armory Friday night wrestling.

Tito Romero and Miguel Perez Latin team from Tico clash in a four-man Tag Team Match against the Masked Blue Demons.
